

I am attaching your temporary license number and download instructions for EQS 6.2. There is a user's guide and a partial program manual located in the help files of the program. To view them you must first open a file.

EQS 6 for Windows download instructions:

- 1) Go to <http://www.mvsoft.com/eqsdownload.htm> and select EQS 6.2 for Windows (Build 101).
- 2) Select "Save file to disk" option and put the downloaded file in a local folder.
- 3) Double click of the downloaded file. After unzipping the downloaded file you will be asked for a password to unzip the file. The password is E6069771134333. Please note that this password is case sensitive.
- 4) Next click on the Setup file (setup.exe) from the folder where you place the unzipped EQS files. You will be asked for a serial number. Type in 357550 697629 986385
- 5) Please keep this license number in your records and refer to it when corresponding with Multivariate Software, Inc.

The license is valid for the duration of the course.

Thank you,
